## NOW BUY TECLAB THROUGH GSA CONTRACT

KALAMAZOO, MI—Teclab, the recognized leader in the design, manufacture and installation of laboratory furniture, workstations, workbenches and storage equipment has announced that it is a GSA (U.S. General Services Administration) contract holder.

“As a GSA contract holder, we can make our products available through a simplified and streamlined GSA buying procedure with predetermined prices,” says Darren Draves, Teclab president. “GSA contracts are long-term government-wide arrangements offering customers access to literally millions of products and services provided directly by GSA-approved contractors.”

Through GSA contracts, customers can enjoy direct delivery of high-quality commercial supplies and services purchased directly from GSA contractors or through GSA *Advantage!*®, an online shopping and ordering system. GSA contracts make it possible for all customers, even those in remote locations, to order the latest technology and quality supplies and services, conveniently and at most-favored customer prices. The contracts also offer the potential benefits of shorter lead times, lower administrative costs and reduced inventories.

For more than 25 years Teclab has been synonymous with the highest quality in laboratory furniture and workbenches. The world’s most discerning firms in the electronics, pharmaceutical, biotech, health care and chemical industries demand Teclab products. Leading universities, state and federal government agencies and military bases also seek them out because they perfectly blend flawless function, convenience, correct ergonomics and pleasing, contemporary appearance. Teclab products are built to the world’s highest standards. To learn why Teclab is universally respected and admired as the Professional’s Bench, call toll-free 800/832-5227.
